

What is Github ?

Part 5

Which method is better ?

**Each method has its own pros
and cons and it totally depends
on the user.**

CLI TOOL

- 1. A bit complex for beginners.**
- 2. It is faster and more efficient.**
- 3. No restriction on number of file upload.**

GITHUB DESKTOP

- 1. Its GUI makes it very easy to use.**
- 2. No need to write Cli commands.**
- 3. Same efficiency as Cli method.**
- 4. No restriction on number of file upload.**

BROWSER

- 1. Its GUI makes it easy to use.**
- 2. It requires internet.**
- 3. This method is a bit slow and inefficient.**
- 4. It Limits the file upload (100 files).**
